1) POWERPACK

2) PUMPS

3) HOSES

MariFlex Group: development, manufacturing, sales, rental and repair of off-loading equipment / systems.

As a specialist in service and repairs, MariFlex has a very comprehensive selection of: pumps, powerpacks, fire-fighting systems, hoses, fenders, filters, inert gas / steam generators and heat exchangers and other equipment available for sale or rent, especially designed and purpose-built for the transhipment of liquid cargoes.

MariFlex can offer you equipment ranging from complete standard portable pumping installations to custom made turn-key marine equipment.

Upon request, MariFlex designs and builds special pumps, powerpacks, fire-fighting systems, and other equipment, that meet or transcend internationally recognised standards and guidelines.

1) POWERPACKS Certified diesel- and electrically driven powerpacks. Mobile solutions for hydraulic installations on board ships or ashore.

2) PUMPS Ranging from compact, zone-approved, hydraulically-driven centrifugal submersible pumps to complete turn-key pumping installations.

3) CARGO HOSES of all sorts. Whether you require the largest or smallest diameter, special purpose (LPG / LNG) hoses or ship-to-ship transhipment / chemical hoses, MariFlex can deliver whatever you require.

4) FENDERS In addition to cargo hoses, MariFlex also supplies, rents out and services a complete range of "Yokohama type" pneumatic fenders.

5) FILTER INSTALLATIONS Stainless steel filter installations for particle and chemical filtration and reconditioning.

6) INERT GAS SYSTEMS / NITROGEN GENERATORS

Modern, compact and Lloyds Certified mobile inert gas generators - up to 2000 m³ / hour.

7) PRODUCT HEATING Mobile steam generators, mobile boilers, heat exchangers and heating coils.

8) VARIOUS EQUIPMENT Hydraulic systems, Tank-cleaning equipment, mobile fire-fighting systems, oil combatant equipment, etc.
